Free Shipping Bar For Bagisto

- **Free Shipping Bar module for Bagisto allows you to display an attractive free shipping bar on web pages along with the minimum cart amount to encourage customers to buy more and get perks of free shipping.**
- **This helps to increase the cart order value of the store. Here, the customers can remember the amazing promotion if store owners don't inform them regularly.**
- **Bagisto Free Shipping Bar Extension allows encouraging customers to buy more for availing of free shipping. The module automates the calculation of cart total and the amount needed to qualify for free shipping. As per the changes in the cart, the calculations will be updated and displayed in the frontend.**
